Inspiring Support for Sonoma Valley Hospital

News From Sonoma Valley Hospital Foundation

June 2016

Greetings!

Simon Blattner & Cherie Hughes Join The Board

"We are so pleased to have Simon and Cherie join the Hospital Foundation board", said Dave Pier, Executive Director. The arrival of these two dynamic community leaders and philanthropists ensures continued

positive momentum for the Sonoma Valley Hospital Foundation in its mission to cultivate community support and raise funds for Sonoma Valley Hospital. [See Full Bios Here.](#)

Simon and Cherie join our current Board members including Kevin Jaggie (Chair), David Good, Jim Lamb, Marcia Levy, Nancy Lilly, Roger Nelson, Buddy Pepp, Jean Arnold Sessions, and Jerome Smith, MD; and Advisory Council members Suzanne Brangham, Gerry Brinton, Tom Landy, and Gary Nelson.

A Job Well Done!

We often receive letters from grateful patients and they are always best at describing the quality of care at SVH. Here are excerpts from Lynda Powell's letter (from Port

Townsend, WA):

I was admitted to your Emergency Dept. in April 2016 with a rattlesnake bite on my hand. I spent six hours in the ER and then was transferred to Intensive Care where I spent the next two days. Every single person I encountered in that stay was warm, caring, professional and obviously

highly competent. There was not a moment where I or my husband doubted that we were getting the absolute best care possible.....My nurses, Ken, Angela and Art were wonderful...and Dr. Martin was kind, knowledgeable, direct, and informative. Keith Blackwood in Case Management went out of his way to manage my release and keep us informed on the process all along the way...knowing he was advocating for us comforted us with the knowledge that everything would be taken care of.

*Thank you so much for the excellent care. I feel very fortunate to have been in your area when I had this problem.
(Lynda has fully recovered).*

Foundation Purchases Equipment for Birthplace

In an ongoing effort to ensure that the Hospital has the best medical tools available, SVHF recently purchased new equipment for the Birthplace at Sonoma Valley Hospital.

Included are two infant warmers used right after birth while nurses tend to the baby, a hearing screening system, and two upgraded fetal monitors that allow for mothers to remain mobile and for nurses to still be able to monitor the baby.

It is the generous support of the community that helps to make these purchases possible and keeps Sonoma Valley Hospital on the forefront of excellent medical care.
