Inspiring Support for Sonoma Valley Hospital

News From Sonoma Valley Hospital Foundation

November 2015

Greetings!

Our mission is simple and clear:
Sonoma Valley Hospital Foundation cultivates community support and raises funds for Sonoma Valley Hospital.

What You Have Helped to Make Possible At SVH

It has been a productive and pivotal year for The Sonoma Valley Hospital Foundation, and we've made a significant impact for SVH patients in many areas through the continued support of our generous community:

Because of you our Hospital has two new Ultrasound machines already used by more than 2,500 patients.

Because of you Cancer Support Sonoma became a reality and is serving clients dealing with the effects of cancer treatment. In just its first few months, more than 250 treatments have been provided.

Because of you nearly 100 women participated in Project Pink and received no-cost mammograms that they could not otherwise afford.

Because of you we are well on our way toward bringing 3D Mammography to Sonoma.

Sonoma Valley Hospital will continue on this positive path of meeting the healthcare needs of our citizens only [through sustained community support.](#)

SVH Ranked Tops For Hip and Knee Replacement

California Healthcare Compare has identified Sonoma Valley Hospital as one of the top hospitals in the North Bay for hip and knee replacement surgery based on its patient experience, clinical quality outcomes, complications and readmissions rates. It also gave SVH high marks for childbirth services, which reflects patient experience, C-section, breastfeeding and episiotomy rates. California Healthcare Compare is a service provided by Consumer Reports and the California Department of Insurance.

More information on the rankings can be found online at insurance.ca.gov.
