*Inspiring Support for Sonoma Valley Hospital*

News From Sonoma Valley Hospital Foundation

April 2020

## Actions Speak

### *Heroes Abound at SVH During Pandemic*

We value living here in Sonoma Valley--our community is special--and we show up for each other in good times and in times of crisis. Now, more than ever, we are all reminded of the importance of having our local hospital, filled with excellent physicians and staff who are meeting the demands required of them during this unprecedented pandemic.

Bunting Foundation

Endless hours have been committed by medical and support staff to address the needs presented by the COVID-19 outbreak, as well as to prepare for the surge that has been projected. These people are who we turn to in our time of need, and the Hospital Foundation applauds them and their tireless efforts. We are *all* neighbors, and the Valley thrives when we are each at our best.

Our hospital has committed significant resources already toward this unforeseeable situation, and will need to do more, along with the reality of expected revenue losses from having to suspend all elective procedures. **You can help by contributing to the Foundation today--[click here](#).** Thank you for your support of our hospital!

## **Celebration of Women Event** **CHANGES**

For all of the obvious reasons, we are unable to hold our annual Celebration of Women luncheon as planned.

We will instead do a virtual event on the May 14<sup>th</sup> date; one that honors Nancy Cline and Dr. Yong Liu for their commitment to our hospital and community, recognizes our generous sponsors, and helps to raise the funds needed for Sonoma Valley Hospital to provide the best possible Women's Health and Wellness services.

## How CARES Act Impacts Charitable Giving For 2020

Friday, March 27, the Congress passed and the President signed into law the **Coronavirus Aid, Relief, and Economic Security (CARES) Act**, a \$2 trillion economic stimulus package.

- **Suspends the 60 percent adjusted gross income limitation for individuals' charitable contributions for the year 2020.**

In a typical year, individuals can only take a charitable deduction of up to 60 percent of their adjusted gross income, no matter how much they give. For 2020, there is no limit, making cash contributions fully deductible.

The new deduction is for gifts that go to a public charity, such as the Hospital Foundation.
