

## Brian Sebastian, MD, Vice Chair

Dr. Sebastian moved to Sonoma in 2005, where he set up a private practice with the help of Sonoma Valley Hospital. His business picked up rapidly, and he developed a robust practice. In 2009, he joined Prima Medical Group, a multi-specialty practice based in Marin County. As lead physician, he has overseen the expansion of Prima Sonoma to include four primary care physicians and an orthopedist. Dr. Sebastian has been honored with the title “best physician” by Sonoma *Index-Tribune’s* “People’s Choice Awards” for five years running. He was recently elected as one of *Sonoma Magazine’s*, “Top Physicians,” an award voted upon by his physician colleagues. In addition to his clinical work, Dr. Sebastian has served as Chief of the Medical Staff at Sonoma Valley Hospital for two separate terms and served on medical staff leadership for many years. He has also served on the Sonoma Valley Hospital District Board’s Quality Committee. In his spare time, Dr. Sebastian enjoys the outdoors, CrossFit, doing obstacle courses in the mud, and conducting his a cappella choral chamber ensemble, which he started in 2006.
